About Us: *Know Who Is Telling Your Story*

Lu Ann Reeb is Co-founder and President of [Legal Talk Network, LLC \(2005\)](#), pioneering new media in the legal community with podcasts and video that bring legal professionals together in one legal network online. [Boston Media Group](#) is a new company launch, also headed up by Lu Ann, focusing on social media and digital communications for corporations in a variety of other industry sectors including life sciences, insurance, education, finance and medicine.

Lu Ann's marketing and communications talents were born from her extensive experience as a journalist. She is a two-time Emmy Award winning Television journalist, whose career spanned 20 years in Television News, including the last 12 years of her journalistic career at CBS/Boston. Corporate clients depend on her understanding of what works in a contemporary world of complex communications choices, where the message has to break through the noise to the target audience.

Lu Ann is a faculty member at Emerson College in Boston, teaching Marketing and Public Relations. She is a frequent speaker and moderator in marketing industry seminars, business conferences and academia on topics such as: *The Media Shift, Marketing Strategies that Work and Marketing is a 24/7 Job!*

Lu Ann received her Masters of Business Administration (MBA) at Suffolk University's Sawyer Business School in Boston and is a life-time member of the International Honor Society of Beta Gamma Sigma. She also serves on the Suffolk University I2E (Innovation to Execution) Board of Directors, helping students build businesses from innovative ideas.

She lives in metro Boston with her family, enjoys politics, writing and the Red Sox. In her spare time, she likes to fly tail draggers as a private pilot.

Scott R. Hess is co-founder of [Legal Talk Network](#). Scott worked in Television News for 15 years at WBZ-TV/CBS Boston, receiving awards for videography and breaking news. His videography skills are evident in the company's legal video settlement documentaries. And Scott recognized early on the value of multimedia on the Web. His knowledge of engineering guides the company in the vastly

changing world of technology for new media with Webcasting and Podcasting. Scott is an experienced multi-rated and instructor pilot who also holds aircraft maintenance and inspector licenses and lives in greater Boston.
